

RELAXED PERFORMANCE

MTP & LCP (on behalf of Palace Theatre Arts Commons) are pleased to offer a relaxed performance of *Rodgers & Hammerstein's CINDERELLA* on Thursday December 1 at 7:30pm.

During this evening's presentation, noise from the house/audience will be welcome, and the house lights will be left on and there will be an ASL interpreter and/or closed captioning. This performance is designed to provide a comfortable and accessible experience for everyone - and is especially an opportunity to welcome anyone who may not otherwise be able to enjoy the theatrical experience such as those with special needs including autism, people who are deaf, hard of hearing or deafened, those with mobility issues, and those with babes in arms.

For anyone who would not enjoy this relaxed audience environment, we invite you to attend any of our other regular performances.
