

PALACE Theatre

ARTS COMMONS

BANISHED BY THE KING THEATRE COMPANY IN RESIDENCE

Banished has found a home!

After decades of wandering in the wilderness, Banished by The King Productions is delighted to announce that they are now a “Theatre Company in Residence” at London’s Palace Theatre Arts Commons.

The objective of the Palace Theatre Arts commons has always been to serve as a hub for artistic expression in London. In welcoming Banished by the King productions, they are joining our long-standing companies such which include London Youth Theatre Education, London Community Players and Fringe. This Addition will allow us to present original works and will round out our offerings in a spectacular way.

Kelli Gough

Chair, PTAC Board of Directors

With the intention to continue to create original work by local playwrights, Banished has partnered with PTAC to provide space and resources to grow and support the creation of new productions.

Details will be forthcoming for auditions for the inaugural show in this joint venture. Stay tuned for more details!

COMING SOON!
